

We have been notified by the fabric company that the panel for this collection was printed longer than planned. This changes the way the panel is cut for our wall banner. If the pattern that you have includes one of these for cutting the panel, Trim to 24 1/2" x 36 1/2" or "Trim to 24 1/2" x 38 1/2", disregard the cutting step and use the corrected one below.

Cutting Correction

Holiday Panel

- Remove selvages and square edges.
- Cut 1 1/4"-wide strips of plaid from the top and bottom edges; trim to 1 1/4" x 24 1/2".
- Cut 1 1/4"-wide strips of plaid from the side edges; trim to 1 1/4" x 37".
- Trim the panel to 23" x 37", centering the holiday design.
